

Keep New Zealand Beautiful Week

Keep New Zealand Beautiful Week

Submitted by jonathan on Wed, 09/02/2015 - 18:06

Keep New Zealand Beautiful Week is 14th-20th September.

This includes **Clean Up Events** in local areas.

If your school is participating, why not take advantage of these activities to include a bit of science?

The following ARB resources can provide some ideas.

Level 2

Amongst the sand dunes

Level 3

Cleaning up the beach

Levels 3 and 4

Beach clean-up

Level 4

What lives in our waterways?

A native bush ecosystem

Kahili ginger (wild ginger)

Old Man's Beard

Level 5

Blowing in the wind
