Writing time differently

This task is about writing the time with words and as digital times.

For each clock write down the time it shows by

- filling in the missing words (for example ten past four)
- writing it with **numbers** (for example 4:10).

This example has been done for you:

a)	10 2 8 7 8 5	The time is This is the same as	past :
b)	10 12 2 9 3 3 4 7 5 5	The time is This is the same as	past :
