

Making a cake

This task is about adding and subtracting numbers.

Jayden wanted to make a cake. The table below shows

- the ingredients for the cake,
- how much Jayden already has, and
- how much is needed for the recipe.

Work out the extra amount of each ingredient Jayden needs to make the cake.

Ingredients	Has	Extra needed	Recipe
butter	200 g	<input type="text"/> g	500 g
sugar	200 g	<input type="text"/> g	420 g
eggs	4	<input type="text"/>	10
flour	1.5 kg	<input type="text"/> kg	1.5 kg
baking powder	1 tsp	<input type="text"/> tsp	2 tsp
currants	300 g	<input type="text"/> g	450 g
raisins	150 g	<input type="text"/> g	400 g
mixed peel	75	<input type="text"/> g	125 g
almonds	50 g	<input type="text"/> g	120 g
cherries	45 g	<input type="text"/> g	100 g
