

More battleships

This task is about reading grid references.

TJ is playing a game of Battleships with his friend. He has set up his ships like this.

a) TJ's friend fires a shot at B2. Select what gets hit.

- Mine 
- Submarine 
- Cruiser 
- Battleship 
- Aircraft carrier 
- It's a miss!

b) TJ's friend fires a shot at D3. Select what gets hit.

- Mine 
- Submarine 
- Cruiser 
- Battleship 
- Aircraft carrier 
- It's a miss!

c) TJ's friend fires a shot at H8. Select what gets hit.

<input type="radio"/> Mine	
<input type="radio"/> Submarine	
<input type="radio"/> Cruiser	
<input type="radio"/> Battleship	
<input type="radio"/> Aircraft carrier	
<input type="radio"/> It's a miss!	

d) TJ's friend fires a shot at E5. Select what gets hit.

<input type="radio"/> Mine	
<input type="radio"/> Submarine	
<input type="radio"/> Cruiser	
<input type="radio"/> Battleship	
<input type="radio"/> Aircraft carrier	
<input type="radio"/> It's a miss!	

e) TJ's friend wants to hit the battleship.

Name one of the co-ordinates that would hit his battleship
