

Fruit and vegetables

This task is about adding and subtracting amounts of money.

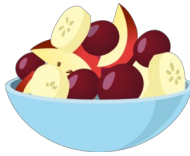

At the vegetable market Hohepa bought:

Vegetable	Price
Carrots	\$1.20
Onions	\$3.15
Broccoli	\$1.05
Spinach	\$1.50
Potatoes	\$2.00

a) i) How much did these items cost altogether? \$

ii) How much change would he get from \$20.00? \$

Jess bought fruit for a fruit salad at the following prices:

Fruit	Price
Apples	40 cents
Oranges	50 cents
Plums	30 cents
Peaches	50 cents
Bananas	60 cents
Passionfruit	\$1.00
Pineapple	\$2.00

b) Jenny gave the checkout operator \$8.00. How much change should she get back? \$
