# What's the chance of that?

**This task is about the chance of something happening.**
Choose the best word to show how often each of the following events is likely to happen.

a)  If Jake takes a marble out of the bag it will be blue.

| O always | O maybe | O never |
|---|---|---|

b)  If Vai takes a marble out of the bag it will be blue.

| O always | O maybe | O never |
|---|---|---|

c)  If Aroha takes a marble out of the bag it will be yellow.

| O always | O maybe | O never |
|---|---|---|

d) If Alex takes a marble out of the bag it will be green.

| ⦾ always | ⦾ maybe | ⦾ never |
