

# People and their pets

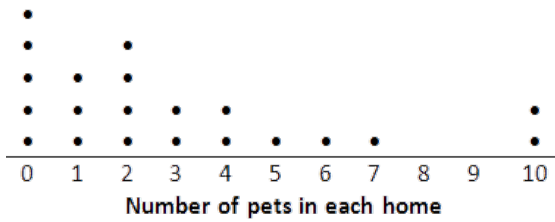

This resource is about comparing two dot plots.

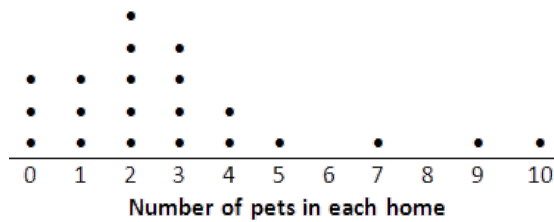

I think homes in Ashdale usually have more pets than homes in Moananui.

Lena wants to find out if homes in Ashvale usually have more pets than homes in Moananui.

Number of pets in Ashvale homes

Number of pets in Moananui homes

In which town do homes usually have more pets?

- Ashdale
- Moananui
- You cannot tell which town usually has more pets in each home
- Homes in Ashvale have about the same number of pets as homes in Moananui

Explain why you chose your answer. Hint: Look at the overall shape of each graph. How similar or different are they?
