

I want a dog

This task is about building an argument.

Imagine you would really like a kurī (dog) as a pet but the adults in your house are not keen on the idea.

Try to persuade the adults that you should be able to have a kurī.

Do this by writing your replies to the adults' statements.

a) **Adult:** "As I have said before, I don't think getting a kurī is a good idea."

Your reply: (write **three** sentences to explain why it is a good idea for you to have a kurī).

--	--	--

Adult: "I'm still not keen. What about all the looking after that a kurī needs, like walks and vet costs?"

Your reply: (write **two** sentences to answer the adults).

--	--

Adult: "Well, maybe; but how do I know that you'll stay interested in the kurī?"

Your reply: (write **two** sentences in reply)
