

# Write a conversation

**This task is about writing a conversation using correct punctuation.**

Read this conversation that Rahul had with his teacher when he got to school. Look carefully at the punctuation that is used.

"Hi Mrs Win," said Rahul. "Here's my project."

"That looks fantastic," said Mrs Win. "I like the way you've done the title."

"I did it on the computer," said Rahul.

"Well you've made a great job of it. I'll put it on the wall now," said Mrs Win.

In the box below write a short conversation that two friends might have as they are walking home from school.

Remember to use all the punctuation needed when someone is speaking, as shown in the example above.

Each friend needs to speak at least twice.
