

Emailing a pen pal

This task is about using question marks correctly.

Jasmine has written an email to her new pen pal. She has asked a lot of questions but has forgotten to put in the **question marks**.

Read Jasmine's email and select whether each sentence ends in a **full stop (.)** or a **question mark (?)**.

10 February 2021

Dear Aileen

It is great to have a new pen pal, isn't it ?/. My teacher asked the class if anyone wanted to write to students in your country ?/. I did because I have always wanted to know more about Scotland ?/. I thought you might want to know about New Zealand ?/.

I have so many things to ask you ?/. I am 10 years old. how about you ?/. I live with my mum and dad and sister on a small farm ?/. Do you live in the country or in a city ?/. I have two pets, a lamb and a dog ?/. What about you ?/.

Do you have a favourite sport or hobby ?/. I belong to a swimming club and I like collecting shells ?/. Do you like reading or going to the movies ?/.

My best friend is Naomi ?/. She asks me to stay over at her house sometimes and we have heaps of fun playing in the swimming pool at her place ?/. What sort of things do you do with your friends ?/.

Will you write back quickly so that I can get to know all about you ?/.

Your new pen pal

Jasmine
