## **Types of nouns**

## This task is about different types of nouns.

Complete the table below by:

- writing a definition for each type of noun, and
- writing two examples of each type of noun.

| Type of noun           | Definition | Two examples |
|------------------------|------------|--------------|
| a) Proper<br>nouns     |            |              |
| b) Common<br>nouns     |            |              |
| c) Collective<br>nouns |            |              |
| d) Abstract<br>nouns   |            |              |
