

Editing a letter

This task is about using the correct punctuation to end a sentence.

Jacinta wrote a thank you letter to one of the parents who helped out on her class trip to the zoo. At the end of every sentence, Jacinta used a full stop. Sometimes she should have used a question mark (?). Sometimes she could have used an exclamation mark (!).

Read Jacinta's letter and then choose the punctuation that she should have used at the end of each sentence.
