

Keeping the Score

This task is about understanding different points of view.

Read about the points of view below to find out what Alex, Brit, Carla, and Debbie think about keeping score in school sport.

Alex

I like knowing who won and lost. What's the point of playing if you don't keep score? Sports statistics can tell us heaps about the game.

Brit

Being involved is more important than competing. It's better that kids do something and learn to co-operate instead of worrying about the score/who's winning.

Carla

Losing badly by heaps of points makes the team feel bad. When we lost all the time some of the kids stopped coming to practice.

Debbie

I want to be the best. You've got to go hard and really want to win. The more you win by, the better.
