

# Steep streets

---

This task is about using information in a text to show your understandings.

Read "How Steep is Steep?", pages 24-26, School Journal Part 4, No. 3, 1996.

Then answer the following questions.

What are **two** things that have been done to help people cope with the steepness of

a) Baldwin Street?

i) \_\_\_\_\_

ii) \_\_\_\_\_

b) What does gradient measure? \_\_\_\_\_

Explain what a gradient of 1:7 means?

c) \_\_\_\_\_

\_\_\_\_\_

Do you think that very steep hills should be developed for housing? **Yes** / **No** (Circle one)

Give **three** reasons in the space provided to support your position.

\_\_\_\_\_

\_\_\_\_\_

d)

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_
