## **Using a Table of Contents II**

## This task is about understanding how to use a table of contents.

Below is a Table of Contents from a book called "Antarctica". Use this to answer the questions below.

1 Introducing the Antarctic	1	
Antarctic Boundaries	2	
Characteristics of the Area	5	
Territorial Claims	17	
2 The Snow and Ice		
Physical Properties of Ice	24	
Movement of the Antarctic Ice-Sheet	42	
3 The Land		
Mountains	53	
Volcanoes	58	
The Land Beneath the Ice	62	
4 The Climate and Weather		
Atmospheric Circulation	72	
Optical Phenomena	82	
5 The Life of the Antarctic		
Conservation	102	
Land Life	108	
Ocean Life	116	
6 Whaling and Sealing	123	
Types of Whales	125	
True Seals and Eared Seals	136	
The Slaughter in the Early Days	137	
7 The Islands of the Antarctic and Sub-Antarctic	146	
Relationships Between Climate and Life	149	
Island Geography	154	
8 Polar Transport		
9 The Unveiling of the Antarctic	201	
Early Discoveries	202	
The Advent of Aircraft	249	
Appendix A - Further Reading	252	
Appendix B - Antarctic Treaty, 1959		
Appendix C - The Organisation of Antarctic Research		
Appendix D - Stations Operating in the Antarctic		

a)	You could read about the importance of protecting the Antarctic environment by turning to pages $\dots$		
	( <b>A</b> )	5-11.	
	( <b>B</b> )	12-16.	
	( <b>C</b> )	82-85.	

- b) The Snares, Bounty, and Antipodes Islands are located between New Zealand and the Antarctic. Under which chapter heading could you read most about the influences of climate on the plant and animal life of these islands?
- c) Where in this book could you find the titles of other books on the Antarctic?
- d) Where would you most probably find the names of the countries that have bases in the Antarctic?
  - (**A**) On pages 17-21
  - (B) In Chapter 11

(**D**) 102-107.(**E**) 137-145.

- (**C**) On pages 207-214
- (D) In Appendix B Antarctic Treaty, 1959
- (E) In Appendix D Stations Operating in the Antarctic
