Thesaurus

This task is about information that a thesaurus provides.
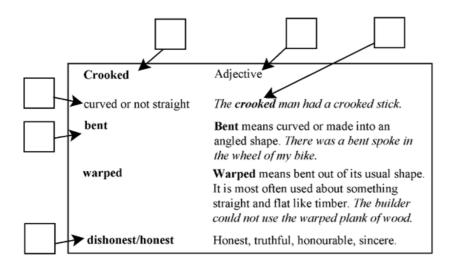

What is a thesaurus?

a) _____

_____

Use the parts of the thesaurus numbered 1-7, to label the example below.

b) Write the number of the correct description in the appropriate box. One description will be left over.

1. part of speech
2. related word – related in meaning to the key word
3. indication of origin
4. illustrative sentence
5. what the word means
6. keyword
7. antonym (opposite)

☐	☐	☐

☐ **Crooked**   Adjective

☐ curved or not straight   *The **crooked** man had a crooked stick.*

☐ **bent**   **Bent** means curved or made into an angled shape. *There was a bent spoke in the wheel of my bike.*

warped   **Warped** means bent out of its usual shape. It is most often used about something straight and flat like timber. *The builder could not use the warped plank of wood.*

☐ **dishonest/honest**   Honest, truthful, honourable, sincere.

Give one occasion in which a thesaurus could be very helpful.

c) _____

_____
