

Speech bubbles II

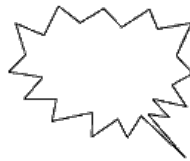

This task is about matching speech bubbles and text.

The shape of a speech bubble can often show the mood of the person speaking.

Select the set of words that best fits into each speech bubble.

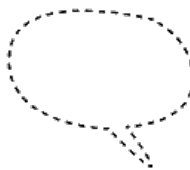

Select the set of words that best fits this speech bubble.

- "Shhh, keep quiet, someone might hear you."
- "I'm scared. I don't like it in here. Let's go."
- "I feel really happy about that."
- "I'm really mad with you."
- "Mmmmm, I think that could work."
