

# Persuasive speech II

---

**This task is about making a speech to persuade your audience to agree with your opinion.**

Your task is to give a speech that will persuade your audience to agree with your opinion about a topic.

- Choose a topic from the list your teacher gives you. Your teacher will tell you how long your speech should be.
- Write the main points of your speech on cue cards to help you remember them. Do not write out all the words of your speech.

Your speech will need to include:

- an introduction where you clearly state your opinion about the topic
- your reasons for your opinion
- words that express how you feel about this topic
- a conclusion that encourages the audience to agree with you.

You can use the checklist below to help prepare your speech.

Have you:	Yes	No
