

# Thank You Speech II

---

**This task is about making a thank you speech.**

In some social situations we need to thank someone for something that they have done. Pretend that an important person has come to talk to your class.

Your task is to present a prepared **thank you speech** to this person. You may make up who this person is, or choose a person from the list that your teacher gives you. Your speech should cover:

- what you are thanking the person for;
- one or two points about what you gained or learnt from the person;
- a closing statement.

You can use the checklist below to help prepare your thank you speech.

Have you:	Yes	No
• made a plan of what you are going to say in your speech?		
• written the main points of your speech on a cue card? [You do not need to write out all the words you will say.]		
• practised saying your speech without looking at the cue card too often?
