

# Impromptu speech

---

This task is about giving a short impromptu speech about a picture, word, or object.

Give an impromptu speech on a picture, word, or object provided by your teacher.

You should speak for one minute.

You will need to 'think on your feet'.

Two useful strategies you can use:

1. **Apply who, when, why, which, and how questions to your subject.**
2. **The PMI process. Talk about the pluses, minuses, and interesting aspects of your topic.**

Use the box below to jot down some quick thoughts.
