Cacti

This task is about listening and recalling information.

Listen to the report about cacti and answer the questions.

a) Tl	ne writer grew cacti pla	ants because she liked		
0	their colours and prickles.			
0	their leaves and pots.			
0	the fact they were easy to buy.			
0	their weird shapes and spines.			
b) T	ne thing that is special	about the plants called "s	ucculents" is that they	
0	can do without water longer than other plants.			
0	can be eaten.			
0	are green all year.			
0	can hold water in their prickles.			
c) Ca	acti store water in thei	r		
0	leaves.	O needles.	o roots.	O stems.
d) S	ucculents grow where	there isn't much water. Th	ney grow in high mountain:	s because
d) Si	ucculents grow where there is little rain.	there isn't much water. Th	ney grow in high mountains	s because
d) Si			ney grow in high mountain:	s because
d) Si	there is little rain.		ney grow in high mountain:	s because
d) Si	there is little rain. the water flows down	the mountain.	ney grow in high mountain	s because
0 0 0	there is little rain. the water flows down the water freezes. the wind dries the rai	the mountain.		s because
0 0 0 e) W	there is little rain. the water flows down the water freezes. the wind dries the rai	the mountain.		S because Passing clouds
0 0 0 0 e) W	there is little rain. the water flows down the water freezes. the wind dries the rai hat do cacti use most Spines	the mountain. n. often to protect themselve	es from the sun?
