# Spinner probabilities

This task is about identifying how likely spinners are to point to white.

Each spinner has an arrow. All three arrows are spun. Which spinner is **most** likely to point to white?

- ○ Spinner 1 only
- ○ Spinner 2 only
- ○ Spinner 3 only
- ○ Both Spinner 1 and Spinner 2
- ○ Both Spinner 1 and Spinner 3
- ○ They are all just as likely

Explain why you decided on your answer.
