

Hundred coin throws

This task is making and testing a prediction.

Practical task

How many heads would you expect to get if you tossed a coin 100 times? (*Circle one*)

- a) i) (A) 0-19 (B) 20-39 (C) 40-59 (D) 60-79 (E) 80-100

Explain why you predicted this.

ii) _____

Carry out an investigation to test your prediction.

- Draw a table in the box below so you can record your results in an organised way.
- Give your table headings to show the results you are recording.

b)

c) Now use the coin to test your prediction and record your results in your table.
