## **Hundred coin throws**

## This task is making and testing a prediction.

Practical task												
	How many heads would you expect to get if you tossed a coin 100 times? (Circle one)											
a) i)	<b>(A</b> )	0-19	( <b>B</b> )	20-39	( <b>C</b> )	40-59	( <b>D</b> )	60-79	( <b>E</b> )	80-100		
	Exp	lain why	you pr	edicted t	this.							
ii	)											
C	Carry out an investigation to test your prediction.											
<ul> <li>Draw a table in the box below so you can record your results in an organised way.</li> <li>Give your table headings to show the results you are recording.</li> </ul>												
Give your table headings to show the results you are recording.												
b)												
L												

c) Now use the coin to test your prediction and record your results in your table.
