

# Grab bag

This task is about the chance of shapes getting pulled from a bag.

Sean is about to take one shape out of the bag. You can see the shapes through the bag but Sean can not.

a)	Draw the shape which Sean is <b>most</b> likely to take out of the bag.	
b)	Draw the shape which Sean is <b>least</b> likely to take out of the bag.	
c)	Is Sean more likely to take a  or a  out of the bag? Draw the shape.	
d)	Is Sean more likely to take a  or a  out of the bag? Draw the shape.
