

One dice chances

When a dice is thrown the chance of an event happening is either:

- certain
- good
- even
- poor, or
- impossible

Complete the table below by putting a tick to show the chance of each event occurring after one throw of a dice.

	Event	Certain	Good	Even	Poor	Impossible
a)	A six					
b)	An odd number					
c)	A zero					
d)	A number greater than four					
e)	A number less than five					
f)	A number between zero and seven					
g)	A one, three, or six
