

# Wind speed

This task is about reading information from a bar graph.

Kaia drew a bar graph of the average wind strength in Wellington for the first 2 weeks in June.

**Average Wind Strength in Wellington  
(first 2 weeks in June)**

a) Which day(s) were the windiest?

b) What date had the same average wind strength as June the 13th?

c) Write a sentence about the average wind strength on June the 3rd.
