

Cricket scores

This task is about reading information from a line graph.

Here is a graph of the scores in a 50-over cricket game between New Zealand and Australia.

- i) What was New Zealand's score after 40 overs? _____
- a) ii) What was the difference between the two teams' final scores? _____
- b) Which team scored most runs
- i) in the first 10 overs? _____
- ii) in the last 10 overs? _____
- iii) between overs 20 and 30? _____
- c) i) Circle the part of the graph that shows when New Zealand was scoring at the fastest rate.
- ii) Explain how you can tell that this is the fastest rate that New Zealand scored at just by looking at the graph.
