

Reading hours

This task is about interpreting a tally chart.

Tupou did a survey of her class to find out how many hours they spent reading in a week. This tally chart shows her results.

| Number of hours | Number of people |
|-----------------|------------------|
| 0-4 | |
| 5-9 | |
| 10-14 | |
| 15-19 | |
| 20-24 | |
| 25-29 | |

None

Very few

Some

Most

Almost all

All

Choose the **best** word(or words) from the box above to start each of these sentences.

- _____ of the students read less than 10 hours.
- _____ of the students read between 10 and 20 hours.
- _____ of the students read more than 20 hours.
- _____ of the students read 22 hours in total.
