Reading hours

This task is about interpreting a tally chart.

Tupou did a survey of her class to find out how many hours they spent reading in a week. This tally chart shows her results.

Number of hours	Number of people
0-4	|||
5-9	﷨﷨﷨
10-14	﷨﷨﷨
15-19	﷨﷨﷨ ﷨﷨﷨ ﷨﷨﷨	
20-24	
25-29	||

| None | Very few | Some | Most | Almost all | All |

Choose the **best** word(or words) from the box above to start each of these sentences.

a) _____ of the students read less than 10 hours.

b) _____ of the students read between 10 and 20 hours.

c) _____ of the students read more than 20 hours.

d) _____ of the students read 22 hours in total.
