

# Social studies test

This task is about reading information from box-and-whisker graphs.

## Box-and-Whisker Graph of Marks for Social Studies Test

Four classes did the same social studies test. The box plots above show the marks the students got.

- a) Which class had the student with ...
- the highest mark? \_\_\_\_\_
  - the lowest mark? \_\_\_\_\_
- b) Which class had the **lowest median** mark? \_\_\_\_\_
- c) Which class had the **smallest range** of marks? \_\_\_\_\_
- d) Which class had the **best** overall performance? \_\_\_\_\_
