

Whānau ages

This task is about reading information from a stem-and-leaf graph.

Here is a stem-and-leaf graph showing the ages of Kiri's whānau.

Look at the graph and answer the questions.

- a) What age is the youngest person? _____ years old
- b) What age is the oldest person? _____ years old
- c) How many people are 44 years old? _____
- d) Circle how many people there were altogether:

- (A) 4
- (B) 10
- (C) 12
- (D) 16
- (E) 48
