# Jellybeans

This task is about reading information from a graph.

Jane's maths class estimated the number of jellybeans in a jar.

The students' estimates are shown on the graph below:

```
4 | 0   3   8
5 | 4   6
6 | 3   3   7   8   9
7 | 5   7   7   9
8 | 6   8   8   8   9
9 | 1   5
```

a) What type of graph is this?

   (**A**) Dot plot
   (**B**) Histogram
   (**C**) Pictograph
   (**D**) Stem-and-leaf graph
   (**E**) Strip graph

b) Altogether, how many students are in Jane's class? _____

c) What is the:

   i) lowest estimate?   _____

   ii) highest estimate?   _____

d) What is the:

   i) median? _____

   ii) mode?   _____
