

Birth months

This task is about reading information from a dot plot.

Month in which Room 4 Students were Born

The dot plot shows which month the students in Room 4 were born.

- a) In which month were no students born? _____
- b) Which month had the same number of students born in it, as were born in January?

- c) Mani joined Room 4 half way through the year. Their birthday is in November. Add a dot to the dot plot above to show when Mani was born.
- d) How many children are in Room 4, including Mani? _____
