

# Birth months

---

This task is about reading information from a dot plot.

**Month in which Room 4 Students were Born**

The dot plot shows which month the students in Room 4 were born.

- In which month were no students born? \_\_\_\_\_
- Which month had the same number of students born in it, as were born in January?  
\_\_\_\_\_
- Mani joined Room 4 half way through the year. Their birthday is in November. Add a dot to the dot plot above to show when Mani was born.
- How many children are in Room 4, including Mani? \_\_\_\_\_
