

# Speed camera

---

Type of vehicle	Number Passing Speed Camera	Number Caught by Speed Camera
Private Car	1600	20
Van	250	15
Taxi	20	5
Bus	30	0
Truck	100	10
TOTAL	2000	50

The table shows the number of vehicles passing a speed camera, and the number caught by the camera.

- a) What percentage of taxis were caught speeding? \_\_\_\_\_ %
- b) What percentage of all vehicles were caught speeding? \_\_\_\_\_ %
- c) Make a statement which compares the percentage of trucks with the percentage of all vehicles that were caught speeding.
