

Chocolate bar sales

This task is about creating a stem-and-leaf graph.

Andre's school is raising money by selling chocolate bars.

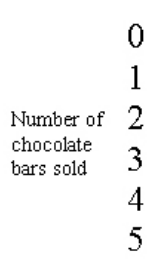

He wrote down the number of chocolate bars each person in his class has sold.

Here are Andre's results:

25, 2, 12, 7, 0, 41, 10, 18, 15, 11, 34, 18,
21, 12, 9, 13, 16, 22, 8, 37, 4, 52, 16, 0

- a) Complete the stem-and-leaf graph using Andre's results. The 'stem' has been done for you. Record the 'leaves' in the order that they appear in the box above.

- b) Now complete the stem-and-leaf graph below by **ordering** the numbers in each of the leaves from part a).
