

Women's international marathon

This task is about constructing a graph.

Running times for an international women's marathon

Time (in minutes)	Tally	Frequency (Number of times)
140 to 149.9		
150 to 159.9	+++ +++ +++	
160 to 169.9	+++ +++	
170 to 179.9	+++	
180 to 189.9		
190 to 199.9		

This is a tally chart of the times taken by the runners to run an international womens' marathon.

- a) Complete the frequency column in the table above.
- Draw a histogram on the grid below that displays these results.
- b) Remember to complete the scales on each axis.

Times taken to run an international womens' marathon.
