

Transport pictograph

This task is about creating and reading information from a graph.

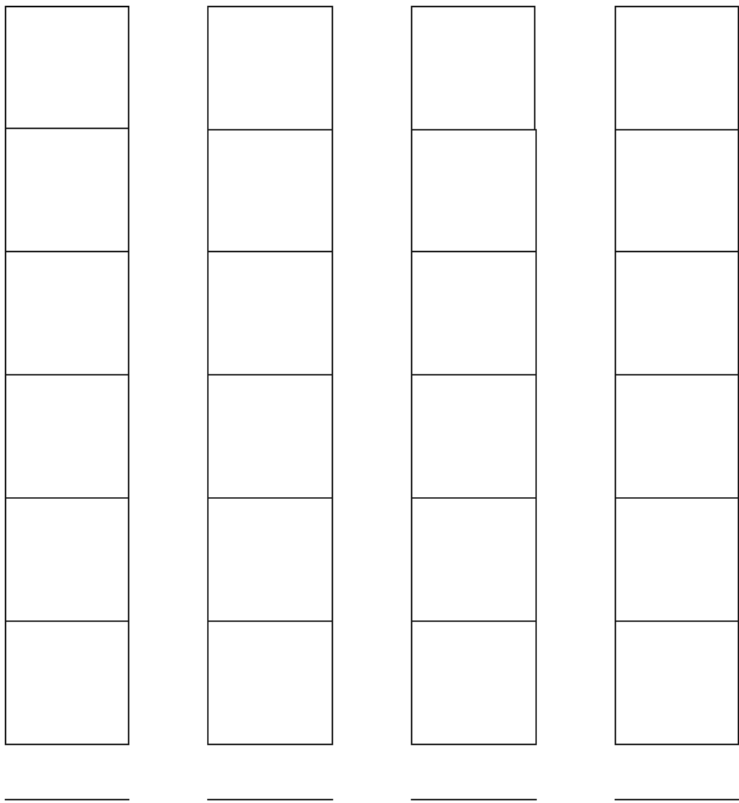

Practical task

The children in Room 1 have drawn pictures to show how they get to school.

a) Use the pictures to make a pictograph:

- Cut out all the pictures below.
- Write a label for each bar on your graph.
- Glue the pictures onto the graph outline.
- Write a title for your graph.

Title: _____

b) What is the most common way children in Room 1 get to school? _____

How many Room 1 children come to school on a skateboard? _____

c)
