

# Geography test scores

This task is about drawing a box-and-whisker graph.

Hemi's class and Rachel's class both sat the same geography test. Their teachers compared the results of the two classes.

	Hemi's class	Rachel's class
Top mark	45	49
Upper quartile	40	38
Median	35	30
Lower quartile	25	23
Bottom mark	10	5

Draw a box-and-whisker graph on the axes below to show the results for each class.
