

# NZ population

This task is about creating a bar graph to show information.

Table of the population of four South Island Regions in 1991 and 1998

South Island Regions	1991 Population	1998 Population	Change
Tasman	36,400	39,600	
Nelson	38,000	41,400	
Marlborough	36,700	39,700	
West Coast	34,000	32,900	

- a) Complete the **change** column on the table above.
- b) Draw bars on the graph below to show
  - i) the 1991 population for each region.
  - ii) the 1998 population for each region.
- c) Shade the 1991 and the 1998 bars on the graph differently, and give your graph a key.
