

# Typing rates

---

This task is about creating a graph to show data over days of the week.

Sam and Clare are learning to type. The table shows the average number of words they typed per minute each day for a week:

	<b>Monday</b>	<b>Tuesday</b>	<b>Wednesday</b>	<b>Thursday</b>	<b>Friday</b>
Sam	11	12	13	15	17
Clare	9	10	11	11	12

Draw a graph on the grid below showing Sam and Clare's typing speeds over the week.
