

# World softball scores

This task is about creating a graph from data and making a general statement about the results.

The New Zealand Men's Softball team won all their 14 games in the 2023 World Series.

The number of runs they scored in each game were:

**17, 4, 4, 6, 6, 8, 12, 13, 10, 5, 3, 3, 4, 4**

a) Use this data to complete the table below.

Runs Scored in a Game	Number of Games
0-4 runs	(i) _____
5-9 runs	(ii) _____
10-14 runs	(iii) _____
15 or more runs	(iv) _____

b) Complete the bar graph by using the data in the table above. Write values in the boxes on the 'Number of Games' axis.

c) Make a general statement from the graph about the runs scored in games played by New Zealand.
