

# Eye colour

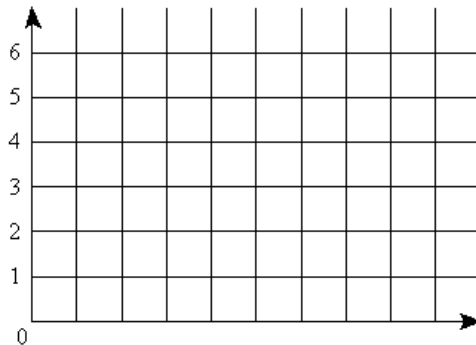

This task is about creating different types of graphs.

Alice asked the students in her class the colour of their eyes.

This is what she found.

Colour of Eyes	Number of Students
Brown	6
Blue	3
Hazel	4
Green	2

a) Complete **and** label a bar graph below, to show the number of students and the colour of their eyes.

b) Complete **and** label the strip graph below to show the number of students and the colour of their eyes.
