

Buying Christmas presents

This task is about fractions of whole numbers.
Donna's Christmas Spending

The pie graph shows how Donna spent her money for Christmas presents.

a) If Donna spent \$10 on a photo album for Mum and Dad, how much did she spend on her brother Jim?

<input type="radio"/> \$4.00	<input type="radio"/> \$5.00	<input type="radio"/> \$10.00	<input type="radio"/> \$20.00	<input type="radio"/> None of these. <i>(Write your answer in the space below)</i>
------------------------------	------------------------------	-------------------------------	-------------------------------	---

The answer is

b) How much did she spend on Sarah?

<input type="radio"/> \$4.00	<input type="radio"/> \$5.00	<input type="radio"/> \$10.00	<input type="radio"/> \$20.00	<input type="radio"/> None of these. <i>(Write your answer in the space below)</i>
------------------------------	------------------------------	-------------------------------	-------------------------------	---

The answer is

c) How much did she spend altogether?

<input type="radio"/> \$5.00	<input type="radio"/> \$10.00	<input type="radio"/> \$20.00	<input type="radio"/> \$40.00	<input type="radio"/> None of these. <i>(Write your answer in the space below).</i>
------------------------------	-------------------------------	-------------------------------	-------------------------------	--

The answer is
