Negative number cards

This task is about multiplying negative numbers.

| Paulette	Anne	Chris	Marie	Sue	Brian
⁻3	7	4	⁻5	2	⁻6

Six students are each given a card with a number on it as shown above.
The students get into pairs, and each pair multiply their numbers together to get a score.

a) What score would the following pairs get when they multiply their numbers together?

i) Chris and Sue _____

ii) Anne and Paulette _____

iii) Marie and Chris _____

iv) Paulette and Marie _____

b) Which pair (of all possible pairs) of students could multiply their numbers together to make:

i) the biggest score? _____ and _____

ii) the most negative score? _____ and _____
