

## Work bonus

---

This task is about working out the percentage of an amount.

Talia runs a leaflet delivery company. She shares a \$200 bonus with her staff. The money is divided in the following way.

- Malachi gets 30%
- Tana gets 40%
- Ata gets 15%
- Nikki gets 10%

a) Fill out the table below to show how much each person gets:

PERSON	AMOUNT THEY GET
Malachi	\$
Tana	\$
Ata	\$
Nikki	\$

b) What percentage will be left over? \_\_\_\_\_%
