

# Fraction shapes

---

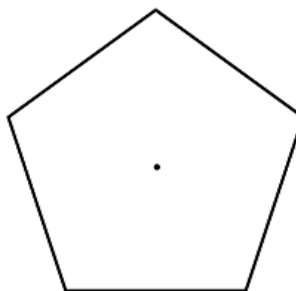

**This task is about dividing a range of shapes into a given fraction.**

Draw lines to help you shade the fraction for each shape below.

- a)  $\frac{1}{4}$  of the circle.

- b)  $\frac{1}{5}$  of the pentagon.

- c) Shade  $\frac{1}{7}$  of the rectangle.

- d) Shade  $\frac{1}{3}$  of the square.
