

Who had more?

This task is about larger and smaller fractions.

a) i) Amanda had a chocolate bar. She ate $\frac{1}{2}$ and Mark ate $\frac{1}{4}$

Who had the **most** chocolate? *Amanda/ Mark*

ii) Jason ate $\frac{1}{5}$ of a pizza and Andrew ate $\frac{1}{3}$.

Who had the **least** amount of pizza? *Jason/ Andrew*

b) i) Lucy and Carl's drink bottles were the same size.

Lucy drank $\frac{2}{5}$ from her bottle. Carl drank $\frac{2}{4}$ from his bottle.

Who drank the **least**? *Lucy/ Carl*

ii) Here are 15 peaches. Jackson picked $\frac{3}{5}$ of them. Tavita picked $\frac{2}{3}$ of them.

Who picked the **most** peaches? *Jackson/ David*
