# Who had more?

This task is about larger and smaller fractions.

a) i) Amanda had a chocolate bar. She ate $\frac{1}{2}$ and Mark ate $\frac{1}{4}$

   Who had the **most** chocolate?   *Amanda | Mark*

   ii) Jason ate $\frac{1}{5}$ of a pizza and Andrew ate $\frac{1}{3}$.

   Who had the **least** amount of pizza?   *Jason | Andrew*

b) i) Lucy and Carl's drink bottles were the same size.
      Lucy drank $\frac{2}{5}$ from her bottle. Carl drank $\frac{2}{4}$ from his bottle.

   Who drank the **least**?   *Lucy | Carl*

   ii) Here are 15 peaches. Jackson picked $\frac{3}{5}$ of them. Tavita picked $\frac{2}{3}$ of them.

   Who picked the **most** peaches?   *Jackson | David*
